Lakeside Logistics Donates \$10K to Oakville Charity

Every Holiday Season, Lakeside Logistics in Oakville chooses a local charity to support on behalf of their customers and employees. This year, Lakeside donated \$10,000 to Food for Life Canada located in Oakville, Ontario. Executive Director Charlotte Redekop-Young, Board Chair Blair Richardson and Board Member Brennan Carson visited the Lakeside offices to accept the donation, tour the Lakeside facility and meet staff.

President & CEO Jeff Moore chose Food for Life based on the similarities between the two organizations. "Much of Lakeside's business is built on transportation of food products, so we see Food for Life as a natural extension of what we do and a great compliment," explained Mr. Moore. Upon accepting the donation, Ms. Redekop-Young thanked Lakeside for their generosity and explained that this donation will help keep their supply vehicles on the road through the coming winter months.

Food for Life is a food recovery program. Every day, seven days a week, they collect surplus perishable food (baked goods, fruit and vegetables, prepared foods, dairy and meat) from grocery stores and restaurants in Halton region. That food is delivered, same day, to over 40 community social service organizations and over 20 outreach programs in low-income neighbourhoods in Oakville, Burlington, Milton and Acton. Food for Life assists in filling the gap between social assistance and living costs by providing nutritious perishable food to families on a weekly basis.

Lakeside Logistics is a multi-service 3PL providing supply chain and transportation management services across North America. Lakeside Logistics provides a single point of contact for planning, system design, transportation management, inventory management and monitoring throughout the supply chain.
